Our Mission

It is the purpose of the MFMC Adult Composer Critique Event:

- to encourage the writing of music;
- to enable composers to have their music critiqued by a qualified, established composer and/or composition professor;
- to help composers to learn the strengths and weaknesses of their writing;
- to encourage the further development of works using suggestions from the critique;
- to further the composer's understanding of music fundamentals;
- and to encourage each composer to copywrite and publish original works.
